Edmonton
Community
Foundation

Introduction

In 2015, Edmonton Community Foundation (ECF) granted more than \$21.2 million (up from \$16.8 million in 2014 and a record level of granting) to more than 500 registered charities and 300 students, primarily in the Edmonton area. Since its inception in 1989, ECF has granted over \$170 million! These grants were primarily made from income from permanently endowed funds and were made possible by the generosity of donors, past and present.

In this document, we disclose our grants to raise awareness about our work and the work of our charitable partners. It is our most comprehensive look at how ECF fulfills our role supporting the charitable community.

For more information on ECF's grant programs or for more detailed financial reporting, please visit our website at www.ecfoundation.org or contact ECF. For those who are interested, this information is available in raw format through the Open Data page on our website.

Community Grants Program

The Community Grants Program is ECF's 'one-stop shop' for charities serving the Edmonton area. Through its Community Grants Program, ECF supports requests from charities involved in arts, culture and heritage; education and learning; community and social services; health and wellness; recreation and leisure; and the environment.

Community Grants are funded from the income of our Community and Field of Interest Funds; donors to these funds have given ECF discretion over allocation of fund income. Support is also provided through the Community Investment Partnership, through which ECF donors provide support to particular projects from donor advised funds or flow-through gifts.

Vital Signs is an annual check-up conducted by Edmonton Community Foundation, in partnership with the Edmonton Social Planning Council. The 2013 edition of Vital Signs focused on the issue of Food Security and the 2014 edition focused on Youth. Vital Signs Grants turn the knowledge from the previous year's Vital Signs report into action by providing up to three years of funding to projects addressing this issue. The focus of Vital Signs Grants will change from year-to-year, to address the findings of the Vital Signs report.
